

LTCCC Steering Committee Meeting Notes Thursday, May 14, 2015

Discussion on agendas for June and July meetings.

Group decided to do behavioral health panel in July. The goal would be for panelists to provide an overview and analysis of behavioral health services in SF.

Presenter suggestions include:

Steve Fields; also ask him who does advocacy / policy analysis in mental health and could present.

Colleen Chawla, DPH

Cathy Spensley; could also present consumer point of view

For the July meeting – behavioral health panel; the panelists don't need to coordinate presentations; they can each present from their perspective on gaps and opportunities.

We want them to help us identify gaps to develop policy around.

Melissa will contact Steve Fields and Colleen Chawla.

June meeting will include follow-up on the policy agenda; will be an action item to adopt 2015 policy agenda.

Kate Howard update on budget; who could come to present budget at June LTCCC meeting?

SRO elevator project on agenda – Melissa will check with Jessica Lehman to present.

Presentation on Medi-Cal 1115 waiver – presentation by Colleen Chawla. *Melissa will check with Colleen.*

Discussion on waitlists and how do we look at the waitlist? Idea of setting the parameters of waitlist data. –

Brainstorming of where waitlist are, send to policy workgroup to delve out.

Housing waitlist? – How do we want to address and work towards policy.

For July meeting - Housing workgroup – suggest to group what else can they look at besides affordable housing, which isn't available or happening; group may look for other opportunities and / or creative ideas in housing arena.

Suggest group be more proactive and bring back to larger council measures / ideas / support needed.

Suggest to Jessica – want the housing group to report out on ideas / opportunities. – what could you present on for July meeting?; an expanded workgroup update.

Melissa will check with Rose Johns on availability of eviction data.

Next Steering Committee meeting –

Thursday, June 11, 2015, 3:00 – 4:00pm (immediately following LTCCC meeting)
